Military Courses

Military Course ID	ACE Identifier Course Title Location-Description-Credit Areas	Dates Taken	ACE Credit Recommendation	Level
A-950-0001	NV-2202-0165 V02 Recruit Training: Upon completion of the course, the recruit will demonstrate knowledge of general military and Navy protocol, first aid, personal health and safety, basic swimming, fire fighting and damage control, seamanship, water survival skills, and will meet prescribed standards for physical fitness.	30-JUN-1999 to 08-SEP-1999	<ul style="list-style-type: none"> • First Aid And Safety 1 SH • Personal Fitness/Conditioning 1 SH • Personal/Community Health 1 SH (3/92)(8/99)	L
A-060-0011	NV-2202-0148 V01 Basic Enlisted Submarine: Submarine School, New London Groton, CT Upon completion of the course, the student will be able to describe the function of components of shipboard mechanical systems.	13-SEP-1999 to 13-OCT-1999	<ul style="list-style-type: none"> • General Mechanical Systems 3 SH (10/89)(1/98)	L
A-100-0138	NV-1715-1906 V01 Electronics Technician Core Class A: Submarine School, New London Groton, CT	26-OCT-1999 to 10-JAN-2000		

Upon completion of the course, the student will apply concepts of DC/AC electricity, and basic electronics, electronic instrumentation, to radio/radar repair.

- Basic Electronics 4 SH L
- Radio And Radar Repair 2 SH L

(2/99)(4/05)

A-102-0386 NV-2205-0003 V01 05-JAN-2000 to 17-FEB-2000

Navigation Principles:

Submarine School, New London
Groton, CT

Upon completion of the course, the student will be able to describe navigation principles and regulations.

- Navigation Principles 3 SH L

(3/02)(3/02)

A-623-0123 NV-1715-1830 V01 06-MAR-2000 to 30-MAR-2000

Interior Communications Principles:

Trident Training Facility, Bangor
Bremerton, WA

Upon completion of the course, the student will be able to perform normal operational procedures on ship's control station, missile compensation system, liquid flow indicating equipment, and the Mk-27 gyrocompass.

- Credit Is Not Recommended SH

(4/97)(4/97)

A-193-0378 NV-1715-2032 V01 31-MAR-2000 to 11-MAY-2000

Trident Navigation Operator:

Trident Training Facility, Bangor
Bremerton, WA

Upon completion of the course, the student will be able to describe the submarine navigation equipment, theory, and procedures employed in both restricted and open-ocean conditions, including inertial, sonar, and global positioning applications.

- Advanced Maritime Navigation 2 SH L
- Electronic Systems Troubleshooting And Repair 1 SH L

(10/01)(10/01)

A-198-0054 NV-1715-1325 V02 12-MAR-2001 to 20-MAR-2001

Basic Electronics Test Equipment:

Trident Training Facility
Kings Bay, GA

Upon completion of the course, the student will be able to understand the theory and describe the physical function, documentation, and operation of electronic test equipment.

- Electronic Instrumentation 1 SH L

(4/07)(4/07)

A-557-0082 NV-1405-0040 V01 23-APR-2001 to 01-MAY-2001

Submarine Force Quality Assurance Inspector:

Trident Training Facility
Kings Bay, GA

Upon completion of the course, the student will be able to describe the needs, implementation, organization, and responsibilities of a quality assurance program.

- Quality Assurance 1 SH L
(2/99)(10/01)

P-500-0025 NV-1717-0029 V01 03-FEB-2003 to 13-FEB-2003

First Line Leadership Development Program:

Trident Training Facility
Kings Bay, GA

Upon completion of the course, the student will be able to identify basic principles of leadership including the use oral and written communication in professional relationships; the role of motivation, empowerment, and counseling in development of subordinate; and ways to manage human resources, teams, and stress to create a quality organizational climate.

- Personnel Supervision or 1 in Leadership and 1 in Business and Professional Communication 2 SH L

NV-1717-0027, NV-1717-0028, and NV-1717-0029 cover similar/duplicate information. Credit should be awarded for one of these courses only.

(8/97)(1/05)

A-193-0440 NV-1715-2162 V01 11-SEP-2003 to 10-OCT-2003

D5 Backfit Strategic Weapons System Navigation Maintainer Conversion:

Trident Training Facility Kings Bay
Kings Bay, GA

Upon completion of the course, the student will be able to operate and perform both corrective and preventive maintenance on the navigational equipment aboard ballistic submarines

- Digital Monitoring And Control Systems 3 SH L
- Electrical Systems Troubleshooting And Repair 3 SH L
- Navigational Systems 1 SH L

(5/06)(5/06)

A-101-0286 NV-1715-1913 V01 03-JAN-2005 to 08-MAR-2005

Pre-Electronics Technician Training:

Submarine School, Bangor
Bremerton, WA

Upon completion of the course, the student will be able to solve AC and DC electronic circuitry involving resistance, voltage, current, capacitance, and inductance. The student will also apply basic skills in solid state electronics, power supplies, servo-control circuits, and basic electronic communications circuits.

- AC Circuits 3 SH L
- Basic Electronics Laboratory 2 SH L
- DC Circuits 3 SH L
- Electronic Communications 2 SH L
- Solid State Electronics 2 SH L

(2/99)(7/04)

A-623-0124 NV-1715-2033 V01 09-MAR-2005 to 20-JUN-2005

Trident Internal Communications Maintenance:

Trident Training Facility, Bangor
Bremerton, WA

Upon completion of the course, the student will be able to describe the characteristics, location and operating theory of, and perform basic corrective maintenance on the Trident submarine's central atmospheric system, depth detection system, electromagnetic log, ballast and trim system, hovering system, integrative intercommunications system, ship control station, and missile compartment.

- Electronic Devices And Circuits 2 SH L
- Industrial Electronics 1 SH L
- Machinery 2 SH L

(11/01)(11/01)

A-061-0023 NV-2205-0004 V03 06-JUL-2005 to 18-AUG-2005

Senior Navigation:

Trident Training Facility, Bangor
Bremerton, WA

Upon completion of the course, the student will be able to demonstrate the ability to identify the steering and sailing rules, lights, shapes and sound signals defined in the International Regulations for Avoiding Collisions at Sea (COLREGS) and apply them to specified situations; state the hazards involved in shallow water submarine operations; define the duties and responsibilities of a piloting team; demonstrate the ability to perform basic navigational calculations; prepare charts for a stated voyage plan, including corrections, track times and navigational hazards; and define the difference between piloting and coastal navigation.

- Coastal Navigation And Piloting 4 SH L
- Rules Of The Road 2 SH L

(4/08)(4/08)

A-193-0442 NV-1715-2163 V01 19-AUG-2005 to 04-OCT-2005

D5 Backfit Strategic Weapons System Navigation Maintainer Replacement:

Trident Training Facility Bangor
Silverdale, WA

Upon completion of the course, the student will be able to operate and perform both corrective and preventive maintenance on the navigational equipment aboard ballistic submarines.

- Digital Monitoring And Control Systems 3 SH L
- Electrical Systems Troubleshooting And Repair 3 SH L
- Navigational Systems 1 SH L

(5/06)(5/06)

A-531-0046 NV-1715-2050 V04 24-MAR-2008 to 02-MAY-2008

Journeyman-Networking Core:

Center for Information Dominance, Learning Site Bangor
Bangor, WA

Upon completion of the course, the student will be able to manage computer networks (LAN), understand operating systems and the basics of routing and switching, understand network protocols, manage network security, manage email server systems, install, configure, manage, monitor, and troubleshoot Windows servers.

- Enterprise Servers And Networks 3 SH L
- Networking Fundamentals 3 SH L
- Networking Systems Administration 3 SH L
- Windows Operating Systems 3 SH L

(2/09)(2/09)

A-193-0446 NV-1715-2159 V01 02-FEB-2009 to 04-MAR-2009

Trident D5 Backfit Navigation Supervisor:

Trident Training Facility Bangor
Silverdale, WA

Upon completion of the course, the student will be able to perform the duties of navigational supervisor on board a Trident class submarine. The student will be able to direct onboard navigation and piloting, perform both preventive and corrective maintenance, develop patrol planning concepts, and integrate navigational planning into the

submarine operational readiness preparation.

- Marine Navigation 2 SH L
- Management Practicum 3 SH U

(5/06)(5/06)

A-531-0022 NV-1402-0251 V02 19-OCT-2009 to 02-DEC-2009

Network Security Vulnerability Technician:

Center for Information Dominance, Learning Site Bangor
Bangor, WA

Upon completion of the course, the student will be able to secure a network against intruders and unauthorized users and will have an in-depth knowledge of the security aspects of various operating systems (UNIX, Windows server, Linux, routers, web servers, and intrusion detection systems).

- Enterprise Servers And Networks 3 SH L
- Network Fundamentals 3 SH L
- Network Security or Information Assurance 3 SH U

(2/09)(2/09)

S-501-0020 NV-1406-0049 V02 08-NOV-2010 to 10-DEC-2010

Enlisted Navy Recruiting Orientation:

Navy Recruiting Orientation Unit
Pensacola, FL

Upon completion of the course, the student will be able to explain fundamentals of effective listening; demonstrate use of rapport; demonstrate professional selling skills; demonstrate ethics when recruiting; deliver planned or impromptu presentations; describe demographics in terms of target market; develop a canvassing program; describe forms of stress and it's management; describe qualifications for team incentives and rewards; and conduct a sales lab utilizing situational techniques.

- Interpersonal Communications 3 SH L
- Personal Selling 3 SH L

(9/09)(7/13)

A-501-0011 NV-1406-0020 V02 02-JUN-2014 to 27-JUN-2014

Command Career Counselor:

Center for Personal and Professional Development; Detachment West
San Diego, CA

Upon completion of the course, the student will be able to counsel personnel on all facets of career planning and development, including assignments, advancements, and survivor and retirement benefits.

- Personnel Counseling or Personnel Administration And Management 3 SH L

(9/09)(9/09)

S-501-0020 NV-1406-0049 V02 18-JUL-2016 to 19-AUG-2016

Enlisted Navy Recruiting Orientation:

Navy Recruiting Orientation Unit
Pensacola, FL

Upon completion of the course, the student will be able to explain fundamentals of effective listening; demonstrate use of rapport; demonstrate professional selling skills; demonstrate ethics when recruiting; deliver planned or impromptu presentations; describe demographics in terms of target market; develop a canvassing program; describe forms of stress and it's management; describe qualifications for team incentives and rewards; and conduct a sales lab utilizing situational techniques.

- Interpersonal Communications 3 SH L
- Personal Selling 3 SH L

(9/09)(7/13)

Military Experience

Occupation ID	ACE Identifier Title Description-Credit Areas	Dates Held	ACE Credit Recommendation	Level
---------------	---	------------	------------------------------	-------

NER-SA **NONE ASSIGNED** 01-SEP-1999
Seaman Apprentice:
 Apprentice training to further advanced training in specialized Navy occupations.

- None

SN **NER-SN-002** 03-JAN-2000
Seaman:
 Performs all basic seamanship functions aboard ship that involve line or wire and rigging used to secure the ship to a pier, mooring, or anchor; is able to identify functions of navigation and shipboard equipment; lowers, raises, and launches lifesaving equipment; handles small boats; navigates by using several different types of compasses; keeps records by degrees or points; knows navigational aids, nautical rules of the road, and the buoys of inland waters of the US; knows the nomenclature of decks, superstructures, and parts of the hull; knows the purpose and limitations of first aid and the first aid treatments for electrical shock, simple and compound fractures, heat exhaustion, heat stroke, and burns; must be qualified as a swimmer, fourth class; knows how to determine the classes of fire hoses and how to use carbon dioxide, dry chemical, and water portable fire extinguishers; knows the function of the typical fire main system, fixed carbon dioxide system, water washdown system, and magazine sprinkling system; knows the difference between flooding and progressive flooding and the danger involved.

- Nautical Science (Navigation) 3 SH L
- Nautical Science (Seamanship) 3 SH L
- Swimming (If the student is a Qualified swimmer) 1 SH L
- Additional swimming on the Basis of Institutional Evaluation SH

(10/99)(5/16)

NEC-14NO **NONE ASSIGNED** 11-MAY-2000
Navigation Equipment Operator:
 Operates navigation equipment.

- None

NEC-14XM **NONE ASSIGNED** 04-OCT-2005
Electronics Technician Trident II SWS D-5 Backfit SWS Navigation Maintenance Technician:
 Perform organizational and/or intermediate level maintenance on the TRIDENT II (D-5) Backfit SWS Navigation, Forward Electronic and Quartermaster equipment on TRIDENT SSBNs with the TRIDENT II D-5 Backfit SWS Navigation System.

- None

ET1 **NER-ET-005** 16-SEP-2006
Electronics Technician (Submarine):
 NOTE: The Electronics Technician (ET) rating in the submarine force has been changed to incorporate the following ratings: Interior Communications Electrician (IC), Radioman (RM), Quartermaster (QM), and includes the ET personnel who worked on navigation and in the electronic support measures (ESM) areas. The electronics technician is an an operator with limited technical skills at the ET3 (E-4) level. The technical knowledge is enhanced at the ET2 (E-5) level through formal training to elevate the individual to the journeyman level. Additional training is then provided to increase the knowledge base to the master level as the ET2 progresses to ET1 (E-6) level. At sea

the ET's are separated into two divisions: the navigation division, comprised of personnel from the old IC, QM, ET (Navigation) ratings; and the communications division, comprised of personnel who were formally in the RM rating and the ESM specialists. Cross training is provided. SUMMARY: performs electrical/electronic maintenance on equipment installed in submarines, including radio equipment, navigational equipment, air detection and tracking equipment, and ESM equipment; performs maintenance on electronic equipment for submarines, electronic air detection and tracking equipment, electronic recognition and identification equipment, aids to navigation, and electronic equipment and components used for communications, cryptography, and navigation; possesses a general working knowledge of electricity and electronics. Reads and interprets schematics and block diagrams; uses test equipment and hand tools; repairs electrical/electronic cables and connectors; localizes malfunctions and repairs or replaces faulty parts or subassemblies; operates, aligns, adjusts, calibrates, and performs preventive maintenance on equipment; inventories tools and portable test equipment; completes maintenance data forms. Maintains radar transmitting equipment, radar receiving equipment, radar identification equipment, communications equipment, and air navigation equipment; localizes malfunctions to systems, subsystems, circuits, and parts; inventories installed equipment; completes maintenance reports; prepares weekly preventive maintenance schedules. Diagnoses, isolates, aligns, adjusts, and calibrates electronic subsystems; monitors maintenance quality control; maintains inventory of parts; reviews completed maintenance data forms; trains subordinates in the operation of tests on systems and subsystems.

- Communications Equipment Maintenance 5 SH L
- Digital Circuits 3 SH L
- Electric Circuits (AC/DC) 3 SH L
- Electric Laboratory/Test Equipment 2 SH L
- Electronic Circuits 4 SH L
- Microcomputer Applications Software 3 SH L
- Microprocessors/LAN 3 SH L
- Navigation Equipment 2 SH L
- Personnel Supervision 3 SH L
- Radar 3 SH L
- Technical Mathematics 3 SH L

(2/99)(2/99)

NEC-2735 NONE ASSIGNED 01-MAY-2008

Information Systems Administrator:

Provides basic and in-depth levels of instruction in Local Area Networks (LAN) and Metropolitan Area Networks (MAN), with focus on system administration. Prepares technical personnel to administer commercial network operating systems within the functional areas of configuration, system, and performance management. Manage/maintain internal site networks to include but not limited to MS Exchange, NetWare, Novell, UNIX, and Windows NT. Conduct first level network software and hardware corrective actions.

- None

NEC-2780 NONE ASSIGNED 02-DEC-2009

Network Security Vulnerability Technician:

Recognizes microcomputer operating systems (i.e. MS-DOS, Windows NT, UNIX, and Novell Netware) vulnerabilities and performs corrective actions to ensure maximum system availability. Assists the Information Systems Security Manager (ISSM) with the System Security Plan (SSP) and systems accreditation in accordance with IN-225. Uses commercial off the shelf software and operating system specific tools to perform virus protection and detection, system backups, data recovery, and auditing functions. Creates, configures, and maintains user and group accounts across multiple operating systems. Assesses protocol and proxy service vulnerabilities and their relation to firewalls. Develops and implements solutions, with regard to protocol and proxy service vulnerabilities, guarding against hostile attempts of compromise or inadvertent disclosure of sensitive material. Verifies and writes Access Control Lists (ACL) and programs screening routers.

- None

9585 **NEC-9585-012** 10-DEC-2010

Recruiter Canvasser:

Recruits individuals into the U.S. Navy and Naval Reserve; possesses expertise in recruiting techniques and knowledge of recruiting textbooks and Navy enlistment programs and policies. Communicates and relates effectively with prospects, groups and the community and possesses a basic knowledge of classification techniques. The sub-job duties include Leads Production Team Supervisor, Recruiter, Recruiter in Charge, and Zone Supervisor.

- Internship 3 SH L
- Interpersonal Communication 3 SH L
- Personal Selling 3 SH L

(9/09)(9/09)

9588 **NEC-9588-003** 27-JUN-2014

Command Career Counselor:

The Command Career Counselor ensures each sailor is provided with a sufficient quantity and quality of career information, in a timely manner, to allow them to make sound career decisions. The counselor provides the basis for establishing and managing an effective Career Development Program. It is designed specifically to engage the career counselor and the chain of command in the career development of Sailors.

- Communications 3 SH L
- Computer Applications 2 SH L
- Personnel Counseling 3 SH L

(9/09)(9/09)

ETVC **NER-ETV-001** 16-SEP-2016

Electronic Technician (Navigation):

Operates and performs maintenance on electronic equipment used for detection, tracking, recognition, and identification of all maritime vessels and navigational aids; operates and performs maintenance on Interior Communications (IC), alarms, warnings and indicators, ship's control, entertainment, gyrocompass, inertial navigation, atmosphere control, instrumentation, and control systems; operates and maintains personal computers, electronic, and auxiliary equipment used to safely and accurately navigate all classes of submarines; maintains highly accurate navigation data for use by the Strategic Weapons Systems (SWS), develops and executes navigation plans; stands watch as assistants to officers of the deck and to navigators; performs ship control, navigation, and lookout duties; procures, corrects, uses, and stows navigation publications and charts; and maintains navigational instruments, and computer software; keeps correct navigational time and renders honors and ceremonies in accordance with national observance and foreign customs. Conducts pre-underway navigation checks; determines buoy systems; maintains chart inventories; maintains electronic navigation systems; operates and maintains Gyro repeater systems; operates and repairs atmospheric monitoring systems; repairs servo operated valves; demonstrates cultural awareness; schedules resources, employees and operations; coordinates projects; communicates orally and in writing; demonstrates computer software applications; operates database and records; utilizes software scheduling applications; stores and retrieves data information; and transfers files. Cleans, maintains and operates information technology (IT) systems; conducts shipboard navigation; trains junior personnel; analyzes schematic diagrams; prepares trouble and failure reports; maintains internal communication systems; and troubleshoots and repairs navigations electronic systems. Prepares movement reports; determines chart allowance; plots moving havens; extracts operational information from operational orders; decodes signals using allied tactical publications; and computes radar bearings and range errors. Performs watch standing skills; evaluates and monitors vessel passage plans, establishes and monitors team performance; monitors and adjusts for changes of group dynamics; prepares and plans for emergency procedures; operates and interprets electronic chart display information system data; enters data and plans voyages in voyage management systems; tracks targets

and maintains collision avoidance plots on automatic radar plotting aid (ARPA); appraises rules of the road situations; and analyzes electronic chart display information system (ECDIS) and ARPA information for risk determination; identifies career paths; monitors employee, financial, social and insurance matters; prioritizes resource planning and scheduling; establishes motivation and morale methods; produces training presentations; manages conflict resolution, problem solving and decision-making; executes interpersonal communication skills; analyzes and establishes record, reports and standards; prioritizes strategic planning; plans, directs, organizes, schedules, and evaluates training programs for personnel; prepares and reviews Naval correspondence, instructions, and messages; reviews and coordinates work schedules; prioritizes overall department work; coordinates and evaluates status and impact of department work; reviews, recommends, and monitors divisional programs (quality assurance, training, safety, etc.); provides guidance on job performance; identifies and mediates inter-departmental differences; and assists, reviews, recommends, and monitors the implementation of policy statements, operation orders, and directives.

NEC-9587 **NONE ASSIGNED** 22-FEB-2017

Officer Recruiter:

Recruits individuals into U.S. Navy and Reserve Officer Programs. Possesses expertise in recruiting techniques, Navy officer commissioning programs and policies. Communicates and relates effectively with prospects, groups and the community. Possesses knowledge of officer processing techniques.

- None

NEC-803R **NONE ASSIGNED** 30-SEP-2017

Navy Recruiter Canvasser:

Recruits individuals into the U.S. Navy and Naval Reserve. Possesses expertise in recruiting techniques and knowledge of recruiting textbooks and Navy enlistment programs and policies. Communicates and relates effectively with prospects, groups and the community. Possesses a basic knowledge of classification techniques.

- None

NONE ASSIGNED -- Occupation not evaluated by ACE or not evaluated during the time frame held by service member.

College Level Test Scores

NONE

NONE

Exams taken after 31 October 2011 may have recommended college credit via the ACE National Guide. Go to <http://www2.acenet.edu/credit/?fuseaction=browse.getOrganizationDetail&FICE=190163> and look for your exam.

Other Learning Experiences

This section provides a record of the service member's learning experiences that do not have credit recommended for one or more of the following reasons:

- (1) Course has not been evaluated by ACE.
- (2) Class attendance dates were not recorded in the service member's record.
- (3) Course was not completed during the ACE evaluation period.
- (4) Course was not evaluated by ACE at this specific location.

JST Official Transcript Explanation

The American Council on Education (ACE) is the nation's unifying voice for higher education. ACE serves as a consensus leader on key higher education issues and seeks to influence public policy through advocacy, research, and program initiatives. ACE's Military Programs evaluates formal service courses and occupations approved by a central authority, employing the services of teams of subject-matter specialists from colleges and universities (professors, deans, and other academicians) that, through the discussion and the application of evaluation procedures and guidelines, reach consensus on content, description, and amount of credit to be recommended for selected courses and occupations. For comprehensive information on the ACE Military Evaluation process, consult the Course and Occupation Evaluation Systems, described in the online Guide to the Evaluation of Educational Experiences in the Armed Services at: <http://www.acenet.edu/higher-education/topics/Pages/College-Credit-for-Military-Service.aspx>.

ACE, the American Association of Collegiate Registrars and Admissions Officers (AACRAO), and the Council for Higher Education Accreditation have developed a set of guidelines contained in the Joint Statement on the Transfer and Award of Credit (<http://www.acenet.edu/news-room/Pages/Joint-Statement-on-the-Transfer-and-Award-of-Credit.aspx>) that are intended to serve as a guide for institutions developing or reviewing policies dealing with transfer, acceptance and award of credit for courses and occupations completed in a variety of institutional and extraintitutional settings, including the military. More information on guidelines for awarding credit for courses and occupations appearing on JST transcripts is contained in The AACRAO 2003 Academic Record and Transcript Guide.

Service members may request copies of JST transcripts directly from the Operation Centers at <https://jst.doded.mil>. ACE does not issue these transcripts or make any adjustments to missing or incorrect information contained in them. Service members must contact the respective service specific Operations Centers for adjustments or corrections to the transcripts. Colleges and universities may also receive web-based official copies of these documents by contacting the JST Operations Center at jst@doded.mil.

Understanding JST Transcripts

The full exhibit and description for courses and occupations listed on JST transcripts can be found in the Guide to the Evaluation of Educational Experiences in the Armed Services which is available only online at: (<http://www.acenet.edu/news-room/pages/military-guide-online.aspx>) and updated on a daily basis as new courses and occupations are evaluated for recommended credit.

Key to transcript terms:

Military Course ID - This is the number the military service has assigned for this particular course.

SH - Semester hours.

ACE Identifier - The number ACE assigns a particular course. Courses are identified by a 2-letter prefix that designates the military service (AF - Air Force, AR - Army, CG - Coast Guard, DD - Department of Defense, MC - Marine Corps, and NV - Navy), followed by a unique eight-digit course identifier.

ACE Credit Recommendation is listed in semester hours, in the following categories:

V = Vocational; L = Lower level (freshman or sophomore level); U = Upper level (Junior or Senior Level); G = Graduate level.

Dates Taken/Dates Held - Courses and occupations will normally have a start and end date that will show the time period the course was completed or the occupation was held.

Location - Valid location(s) where the course was completed.

Occupational Codes:

Army MOS:

MOS - Army MOS has 5 digits. The first 3 digits identify the occupational specialty and the last 2 digits identify the skill level (E1-E4 = skill level 10; E5 = skill level 20; E6 = skill level 30; E7 = skill level 40; E8 = skill level 50; E9 = skill level 60).

Navy Rates and Ratings:

NER - Navy enlisted rates are occupation identifications assigned to personnel at paygrades E-1 to E-9. Each general rate involves the performance of entry-level tasks and leads to one or more ratings. Career patterns from recruit to master chief petty officer are identified by 4 to 5-digit codes.

NEC - The NEC Structure supplements the Enlisted Rating Structure by identifying skills requiring more specific identification than that provided by general rates and ratings and that are not rating-wide requirements. Selected NECs have been evaluated by ACE to date.

LDO, NWO - Limited Duty Officer, Navy Warrant Officer - Technical officer specialists who perform duties that are technically oriented, with skills acquired through experience and training that are limited in scope to other officer categories. These specialties are normally identified by 4 digits, each successively providing more precise identification of the individual holder.

Marine Corps:

MCE - an MOS has 4 digits and a descriptive title; the first 2 digits normally describe the occupational field and the last 2 digits identify the promotional level and specialty within the occupation.

MCO - officer MOS.

Coast Guard:

CGA - Coast Guard officer aviation competencies.

CGR - Enlisted rating structure used for classified enlisted personnel and qualifications, with career levels from recruit to master chief petty officer.

CGW - Coast Guard Warrant Officers are technical officer specialists who perform duties that are technically oriented and acquired through experience and training that is limited in scope and relation to other officer categories.

MATMEP - Maintenance Training Management and Evaluation Program, a standardized, documentable, level-progressive, technical skills management and evaluation program for enlisted aviation technical maintenance training. The Summary sheet submitted by the service member lists the current level of training completed and should be used by the evaluator to verify the attained level in awarding credit.

DANTES - The Defense Activity for Non-Traditional Education Support maintains the educational records of the service members who have completed DANTES subject Standardized Tests (DSSTs), CLEP examinations, and GED tests. For examinations administered at military installations, results of these tests may appear on JST transcripts for consideration in the award of the recommended credit. However, individual colleges and universities may reserve the right to request official scores directly from ETS or DANTES, to confirm completion of these exams and the credits recommended.

COLLEGE LEVEL EXAMINATION PROGRAM (CLEP) - The College-Level Examination Program or CLEP provides students of any age with the opportunity to demonstrate college-level achievement through a program of exams in undergraduate college courses. There are 2,900 colleges that grant credit and/or advanced standing for CLEP exams.
